

RISK MANAGEMENT PROGRAM

Captive Reinsurance

Global Employee Benefits Captive Solution.

Connect the dots

with our global captive solution: A risk management program that consolidates local employee benefits (EB) plans from multiple countries into a corporate's own captive via a reinsurance mechanism.

Strong end-to-end captive solution offer consisting of a comprehensive set of high-quality services.

Our commitment to captive.

Our experience in providing captive solutions for global employee benefits tells us that it is more than just a financial transaction for our clients.

It is a combination of risk management, human resource and governance strategies.

It is about ensuring control and transparency around a major spend for a company.

And it is about working with a strong, capable partner to deliver a sustainable and well-serviced program both globally and locally.

We understand your needs

- Control over EB data
- Control over EB costs
- Optimization of governance
- Global partnership
- Risk management expertise
- Optimization of benefits

Creating financial value for you

- Cost control via cost containment
- Increased cash flow for the captive

... and non-financial value

Risk management & financial strength.

Our partner Allianz Re, the Allianz Group's fully owned reinsurer, not only consolidates reinsurance but also functions as central risk management gatekeeper for each cession. All captive programs are written directly on the Allianz SE balance sheet:

- AA S&P Rating
- 207% Solvency Ratio (2020)

Since establishing our first captive program in 2009, we have been leading the way in terms of innovation, flexibility and service quality, turning our global captive proposition into one of the strongest available in the market.

RISK MANAGEMENT PROGRAM

The new global EB captive offering
