

# GLOBAL PENSION

An innovative and integrated global solution for delivering local pensions.

A central coordination of local solutions that helps multinational companies increase governance and efficiency across defined contribution (DC) and legacy defined benefits (DB) retirement plans.

A network of global and local resources will support you every step of the way in the design and delivery of this solution.

A flexible solution designed to meet the unique needs of multinational corporations.

OPTIMIZE YOUR RETIREMENT PLANS GLOBALLY.

#### AT A GLANCE

Global Pension aims to assist multinational companies deliver efficient, defined contribution pension solutions to their employees.

In a single offering, the solution uniquely links global coordination, reporting, and service with proven local providers, global asset managers and insurers.

#### GLOBAL RESOURCES

The combined resources of Allianz Group's local subsidiaries and global asset managers provide a global defined contribution pension proposition, serviced and delivered locally. It offers:

##### Global coordination

Allianz Global Benefits will partner with you to coordinate the design, implementation and ongoing execution of your solution, acting as your central contact point. As you can manage only what you can measure - granular reporting will be tailored to your specific needs.

##### Local pension expertise

Our network includes long-standing Allianz subsidiaries and additional well-established network partners

with proven track records of pension delivery in their respective markets.

We are also happy to work with your existing local pension providers.

##### Opportunity to pool assets

We have pre-selected best-in-class asset managers allowing you to access the efficiency and scale of global asset pooling and global investment expertise.

You may also add or substitute your preferred asset managers into the framework.

##### Global coordination

Global governance and central reporting

##### Local pension expertise

Excellence in delivering compliant local pensions

##### Opportunity to pool assets

Economies of scale, leading to significantly reduced fees, whenever possible

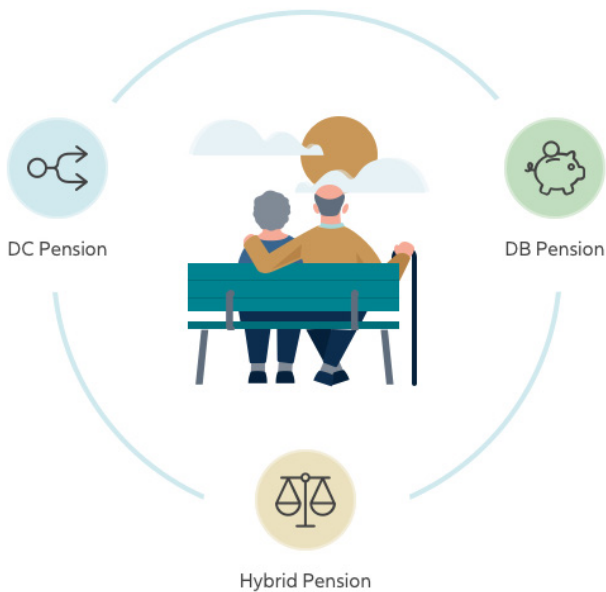

## KEY REASONS TO CONSIDER THIS PROPOSITION

Our proposition **overcomes the current obstacles** to efficient defined contribution pension delivery, including

- Fragmentation
- Inefficiency
- High cost
- Unknown levels of risk
- Lack of global Management Information (MI)
- Poor or limited coordination
- Little or no integration or oversight

Through its modular approach our proposition offers a highly bespoke and **fully customizable solution to meet your specific needs:**

- Value and cost-effectiveness, enabled by global scale
- Insights and intelligence, delivered through comprehensive globally aggregated reporting
- Oversight and risk reduction, driven by consolidation and integration
- Support of your pension governance strategy and central reporting
